The diagram illustrates the dependencies of the SpMaths files. At the bottom is a black box labeled 'SpMaths.cpp'. Four blue arrows originate from this box: two point to 'SpMaths.h' (a white box with a black border) and 'cfloat' (a white box with a gray border), and two point from 'SpMaths.h' to 'cmath' (a white box with a gray border) and 'SpMaths.inc' (a white box with a gray border).
