

SpGIManager.cpp

SpTurbulenceOp.cpp

SpGIManager.h

```
graph TD; A[SpGIManager.cpp] --> C[SpGIManager.h]; B[SpTurbulenceOp.cpp] --> C;
```

The diagram illustrates the relationship between three C++ files. At the top, there are two boxes: 'SpGIManager.cpp' on the left and 'SpTurbulenceOp.cpp' on the right. Below these, centered, is a box for 'SpGIManager.h'. A blue arrow points from 'SpGIManager.cpp' down to 'SpGIManager.h', and another blue arrow points from 'SpTurbulenceOp.cpp' down to 'SpGIManager.h'. This indicates that both source files include the header file.
